Can swim 25m	93.34%
Use a range of strokes	93.34%
Perform safe self-rescue	93.34%
Impact of spending on swimming	No additional funding spent

6. Sustainability

How is your school going to ensure that the improvements made through its spending of the PE and sport premium are sustainable?

At Northowram Primary School, we are committed to embedding long-term, sustainable improvements in physical education and school sport through strategic use of the PE and Sport Premium. Our approach focuses on three key strategies:

1. Forest School

We have invested in training two members of staff as level 3 Forest School instructors to provide high quality outdoor and adventurous education as an additional part of our PE curriculum. Forest school is provided for all pupils in year1,2,4 and 6 and also as an intervention for targeted pupils.

2. Raising the Profile of PE:

We are committed to delivering high-quality PE lessons and encouraging participation in a broad range of sports and physical activities. By fostering a whole-school ethos that values movement and physical health, we aim to instil a lifelong enjoyment of being active. Staff training and curriculum development funded by the premium will continue to impact teaching and learning well into the future.

3. Healthy Schools Award:

We are currently exploring the Healthy Schools Award as a tool to promote a whole-school approach to health and wellbeing. This process will involve reviewing and enhancing our physical activity offer, healthy eating, and emotional wellbeing provision. Achieving this award will not only improve current practice but also embed health-promoting principles into our school development planning for years to come.

Through these strategies, we are creating an environment that supports long-term positive attitudes toward physical activity, ensuring that the improvements funded by the PE and Sport Premium remain impactful and sustainable well into the future.

7. Declaration

All information submitted is true and accurate to the best of our knowledge and has been submitted by an authorised school representative.
