

Maths

In Maths we will be focusing on:

- equivalent fractions
- simplifying fractions
- fractions on a number line
- comparing and ordering fractions
- adding and subtracting fractions
- multiplying fractions by integers
- multiplying fractions by fractions
- dividing fractions by integers
- fractions of amounts

English

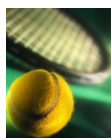

We are continuing to study Cloud Busting this half term. We will be writing our formal reply letter and a short extract of a story.

For the last four weeks of the half term, we will be studying a short book that is linked to Christmas. The children do not know the title or subject of the book until they work it out themselves, we do not want to ruin it for them!!

P.E

6 Cedar have PE on Tuesdays and Wednesdays. It will be outdoors, weather permitting so please ensure that the PE you provide your children with is suitable for the Winter months. This could include leggings/ joggers and a hoody/jumper.

Year 6 notices

Break time snack— we highly recommend bringing a snack for break time.

Forest schools— This is each Tuesday for the children in the current group—please bring outdoor kit

Homework—Homework is due every week on a Friday. Each week there is maths and SPAG homework. Reading comprehension homework is set every other week.

Day of the Week	Home-work	Reading books	Things to remember
Monday		Bring	
Tuesday		Bring	PE Kit
Wednesday		Bring	PE Kit
Thursday		Bring	
Friday	Bring in	Bring	

Reading Schemes and Books

In Year 6, children continue to use the Accelerated Reader scheme that they have been using for the past few years.

In order to change reading books, due to the new measures in school, we ask for them to be brought in every **Friday** and they will get a new reading book every **Monday**. They need to record their reading in their new reading records and bring them in **with** their books. It would be great if you could listen to your child reading multiple times during the week. This will allow them to build reading fluency and discuss any tricky words that they found when reading.

Focus on the following when reading-

- ⇒ Slow reading speed down, taking note of punctuation
- ⇒ Tracking the sentence with a finger to avoid missing lines out
- ⇒ Re-reading a sentence if it didn't make sense
- ⇒ Asking for help with any words they don't understand the meaning of

Homework

Homework is given out every **FRIDAY** and is to be brought in the following **FRIDAY**.

Children will receive—maths and SPAG. We will also begin sending reading homework in the coming weeks.

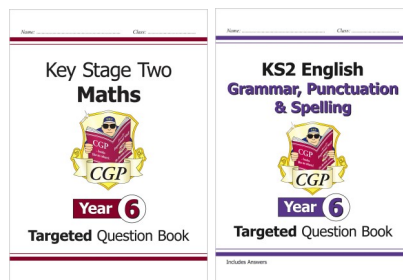

Reading comprehension homework is set every other week.

There will be time on a Friday for children to ask about any questions they found tricky.

Children will be asked to write the relevant pages on the inside cover of each book.

Children can also supplement this work by using Time Table Rockstars.

<https://play.ttrockstars.com/auth/school>

Star of the Week

We are going to also start handing out 'Star of the Week' booklets for children to complete at home and bring in. We will celebrate their achievements as a class during our circle time.
